BROOKLYN'S SUPERBAS EVEN UP SERIES BY COMPLETELY ROUTING CLEVELAND'S INDIAN CLAN IN SECOND TITULAR GAME

Aside From Pitching Skill, the Struggle Was as Devoid of Sensational Features and Color as Was the Initial Contest on Tuesday

GRIMES, BROOKLYN'S SPIT BALL ACE, STARS

Inability to Connect With Twirler's Slants When Hits Would Have Meant the Scoring of Runs, in the Main, Caused Cleveland's Defeat

Standing of Teams

	Won	Lost	P. C.
Cleveland	1	1	.500
Brooklyn	1	1	.500

New York, Oct. 5.—In a pitching duel between the leading hurlers of the National and American leagues, Burleigh A. Grimes, Brooklyn's spit ball ace, today shut out Cleveland, 3 to 0, in the second game of the world's series at Ebbets' field. His ability to hold the Indians in check when hits would have meant runs, marked his superiority over James C. Bagby, whom Manager Speaker selected to lead a second game to the Cleveland string.

The victory which placed the Superbas alongside Tris Speaker's Indians was due almost entirely to the excellent hurling of Grimes, who had the heavy hitting representative of the Junior league baffled throughout the game so far as consecutive binging was concerned. With the exception of the eighth inning, when Grimes temporarily lost sight of the home plate, Cleveland never appeared in the light of a serious contender.

Grimes' Slants Keep Indians Guessing.

The inability of the Indians to connect with Grimes' slants when hits would have meant the scoring of runs, is aptly illustrated by the fact that the Cleveland clan got 14 runners on the bags, of whom 10 were stranded and four retired by subsequent playing. The Indians were not without repeated opportunity to score, but in every emergency, Brooklyn's moist ball flinging star met the emergency with a masterly collection of sharp breaking slants, or slow breaks which cut the corners of the plate or shot in close to the body of the batter, with the result that the seven hits of the invaders were so scattered as to be useless in run producing.

Bagby was not as effective in the box for Speaker's team as he was in the opening game, or as his opponent, Grimes, notwithstanding that he delivered less pitches than did the winning hurler. The Superbas reached his offerings effectively, when runners were on bases as compared to the Indians, for of the 10 Brooklyn batters in each first, three scored, three were retired and the remaining four on bases. The crux of the pitching analysis is shown by the fact that the winners scored three runs on seven hits scattered through six innings, while Cleveland with an equal number was unable to send a run across the plate.

Uble Better Than Bagby.

Who replaced Bagby in the fourth session, proved more of a puzzle to the home combination, the Indians going out on strikes or flies in order during the two periods in which he officiated. The contest, made from Grimes' power to puzzle the batters of the American league, became a contest of wits in the struggle between the two pitchers. Grimes, at critical times in the struggle, was devoid of sensational features, and color as was the initial battle.

Speaker pulled off another sensational catch in the fourth inning, when he fished for over in Jameson's territory and hauled down Kidiff's long drive. Right fielder Griffith started with a catch off the wall in the seventh when he captured Sewall's savage smash in somewhat of the same manner as he handled Speaker's drive yesterday. The defensive skill of the Indians was shown in the third session with Brooklyn at bat. Bagby slipped up a slow one to Grimes, who hit to center. Olson followed with a fly which Bagby threw low to second. Wambasans in his efforts to catch the ball stooped low over the bag and Grimes, dashing into the sack, landed a complete cumsuversal over the prostrate infielder. Griffith's double to right scored Grimes and put Olson on third. Bagby purposely pitched a high ball to Olson, who caught it with a flourish and relied on a play on Myers to shut off the rally.

Stage Fine Double Play.

The entire Cleveland team was on edge and when Myers fished a sinking grounder to Gardner, the Indians third baseman shot it back to Olson, forcing out Olson. O'Neill endeavored to turn the play into a double out at first, but his throw hit Grimes squarely in the back as the latter moved for the initial sack. John Smith was on the job however, and fished up the base line, where he fished up the ball and hurried it back to Olson in time to catch Griffith trying to score. O'Neill aided the play by completely blocking the approach to the plate for which he was roundly abused by the Brooklyn fans. The play was entirely legitimate and Umpire E. J. Connelley, who was officiating behind the plate, paid no attention to the protest of the home rosters. O'Neill's other runs were scored on any attendant features. The attendance, despite an improvement in the weather conditions, did not quite equal the standard set in the opening game. There was little to disconcert the fielders, although the sun cast only occasional glances on the diamond. The air was calm and without the chill which accompanied Cleveland's victory yesterday. There were scattered vacant seats singly and in pairs, both in the lower and upper stands. The spectators as a whole appeared to view the struggle with apathy, only occasional

bases and Brooklyn had two batters who could," he said. "I think that is the best reason I know of in dishing out why we lost."

Speaker said he intended to send in either Ray Caldwell or Walter Mills, his only left hander, to pitch tomorrow.

"The boys did just what I expected they would do after what they have been showing me all season," said Manager Robinson of the Brooklyn team. "It has been their habit all year to come back strong after defeat and naturally I could see no reason why they could not do the same thing in the world series."

Cleveland Fans Downhearted.

Cleveland, Oct. 6. — It was a different crowd that left the numerous score boards here after today's game between the Cleveland Indians and the Brooklyn Dodgers than the one which watched yesterday's contest. Unlike yesterday, the fans were disappointed, but few of them left until Jameson had fished to Wheat for the last out of the game, which ended, 3 to 0, in Brooklyn's favor.

About 50 per cent of those allotted reserved seats for the games to be played here called for their tickets today. The tickets will be obtainable tomorrow and Friday. Thousands of requests for tickets from out-of-town fans have been received, according to downtown hotels and storekeepers.

Tris Speaker's mother will come here from Hubbard, Texas, Thursday, for the games.

Mother to See Tris Play.

Waco, Texas, Oct. 6. — A mother's desire to learn of her son's success in the world series, was expressed here tonight by Mrs. J. R. Speaker of Hubbard City, who is en route to Cleveland to be "with my boy when he plays there."

Tris' mother hoped "my boy's team would get the pennant" and was looking forward to seeing "my boy in the big city."

DEFIES WILSON'S ARTICLE X PLEA

Senator Borah Makes Vigorous Attack on President's Statements Regarding Covenant

PERILOUS ISSUES

Refusal to Take Up Arms to Aid Country in League Invaded by Enemy Is Considered

New Haven, Conn., Oct. 6.—Senator William E. Borah of Idaho, in an address here tonight, made various attacks on President Wilson's recent statement on Article X of the League of Nations covenant. He declared that if this government refused to take up arms to aid a country in the league which was invaded by an enemy, the "United States steps out discredited and dishonored and the seeds of war are scattered broadcast."

"The President's last letter to the public informs us that Article X does not interfere with congress to declare war or not to declare war," said Senator Borah. "I can conceive of but one way that congress could get out of declaring war in case of the invasion of a member of the league and that would be to violate and wholly disregard the plain terms of the treaty and to tend in place the league covenant itself. The President has said, therefore, upon a very solemn occasion that Article X constitutes a supreme moral obligation upon the part of our nation, which moral obligation he declared to be more binding than an obligation of law and contract. Congress is but an agent of the nation, and in refusing to carry out a solemn promise would brand our whole people with dishonor."

"If we go into this scheme and the hour comes when the United States must choose between the faithful execution of its treaty, or its shameless violation, our people will choose the path of honor and execute, even at the cost of treasure and blood."

"I would not, of course, presume to ask the President a question or seek to engage him in debate, but I would like to know from his associates who helped him write this creed, that if we accept Article X as written and Russia invades the territory of Japan, and through the council of the league, calls upon us to furnish money and men to help preserve her territorial integrity and we refuse—what will be the standing of this proud republic among the other nations of the world and what will become of the league?"

"If we exercise the discretion not to assist, of course every other nation will do the same and this supreme moral obligation is turned at once into a supremely moral pretense. The United States steps out discredited and dishonored and the seeds of the wars are scattered broadcast."

SALES TO STATE NETTED \$549,691

Above Figures Represent Profits
Accruing to Albert L. Judson,
New York Broker

New York, Oct. 6. — Profits totaling \$549,691 accrued to Albert L. Judson, a New York broker, in the sale of bonds to the state from 1915 to 1920, according to testimony by witnesses today, in the John Doe investigation of the conduct of the state comptroller's office under Eugene M. Travis.

These profits were said to have been made on a total of \$18,967,350 worth of bonds handled by Judson and were in addition to profits of nearly \$300,000 on the sale of \$10,000,000 in securities brought out in testimony yesterday.

William S. Fanshawe, head of the bond brokerage firm of William S. Fanshawe and company, of this city, who was the principal witness in the inquiry conducted by Chief Justice Kernochan of the special sessions, testified that his firm, acting for Judson, disposed of bonds to the state valued at more than \$14,000,000. He said that on these sales Judson was credited with a profit of \$451,915.

Arthur W. McKay, cashier of the Mechanics Metals National bank, said that his bank cleared bonds for Judson to the state comptroller to the value of \$4,404,000, bringing Judson's total profits to nearly \$550,000.

Mr. Fanshawe said that the bonds were bought without either his firm or Judson placing securities, and that it was understood they were later to be sold to the state. Invariably, Mr. Fanshawe said, the bonds were sold to the state at less than their par value. The securities, he said, were bought in the open market at prevailing prices for Judson's account and resold to the state within 48 hours.

The witness said that on one transaction late in 1917, his firm suffered a loss of \$58,000, because the state's sinking funds were in such condition that the comptroller would not take them over. While waiting for the comptroller to get the money necessary to buy the bonds, Mr. Fanshawe said the value of the securities decreased and Mr. Judson, for whom they were bought, refused to stand the loss. Later a compromise was affected with the state, according to the witness, but the Fanshawe firm's net loss was \$58,000, which was covered in a note given by Fanshawe to the Empire Trust company of this city.

The name of William Barnes Jr. of Albany was brought incidentally into the case by Mr. Cruger, who testified that their trust company loaned \$15,500 to Judson when Judson presented 100 shares of stock of the Albany Evening Journal, Barnes' paper, as security.

URGES SUPPORT OF BUDGET PLAN

Governor Smith Replies to Accusations of Waste and Extravagance in State Affairs

DEFENDS REGIME

Daylight Saving Law Also Is Defended by Governor in Campaign Speech at Malone

Malone, Oct. 6. — Governor Smith, addressing voters of Franklin county tonight, appealed for support of the executive budget plan. Referring to the accusation of George Glynn, chairman of the Republican state committee, that there has been waste and extravagance in the state government, he said:

"Every dollar appropriated during my term was appropriated by a Republican majority of the legislature, and in two years I have vetoed seven and one-half million dollars of Republican appropriations declared necessary for the maintenance and support of the government. And I challenge anybody to show, where I have, in so doing, interfered with the operation of any department or reduced its efficiency."

In reference to the budget plan, the governor said:

"This state is attempting to function a system that is more than 50 years of age. It has 157 different boards and bureaus and no one man is able to keep track of them. I made a concrete suggestion for a solution of the problem. A scheme to erect 18 departments of government and put all the 157 boards and bureaus into these 18 departments. It met with unanimous approval throughout the state, but the Republicans say it detracts from the dignity and power of the legislature. I deny it. Judge Miller has a patent of his own to substitute for this plan. He calls it co-operation with the legislature. If he expects to co-operate with the legislature, he should talk with former governor Hughes or Whitman."

The governor also vigorously defended the daylight saving law. "Now that the summer is over and the clock will be changed back automatically in two or three weeks, ask yourself what real difference it has made," he said. "Ask yourself if you have not been carried away by propaganda against this law. Ask yourself if you want to be selfish enough to seek the advantage that may come from the repeal of that law at the expense of the advantage to the factory worker and the girl in the sweat shop, the blessing and boon from that extra hour of sunshine."

Sugar Reaches Lowest Price Level This Year

New York, Oct. 6. — New York and other sugar prices today were at their lowest level since 1914, when 5.25 cents a pound was sold at \$12.25 a hundred. The fall duty sugar was offered at seven cents without being taken.

WILSON EVADES SPENCER CHARGE

President Would Have Missouri Voters Determine Which One Is Telling the Truth

REED JOINS FIGHT

Senator Declares President Pledged Military Support to Roumania and Serbia in 1919

Washington, Oct. 6. — President Wilson today sent the following telegram to Senator Spencer, Republican, Missouri:

"I am perfectly content to leave it to the voters of Missouri to determine which of us is telling the truth."

The telegram, referred to Senator Spencer's charge that the President had promised military aid to Roumania and Serbia, which the President yesterday said was false.

Reed Reassures Charge.

Kansas City, Mo., Oct. 6. — Senator James A. Reed, in a telegram late today to United States Senator Spencer, declared that President Wilson had made a statement pledging American military aid to Roumania and Serbia in an address at the peace conference on May 21, 1919.

The text of the address did not pass censure until December 3, 1919, when it was brought to this country by a newspaper correspondent and published in the Washington Star on that date. The speech also appears in full in the congressional record on December 4, 1919, the telegram added.

Senator Reed's telegram was sent in response to one from Senator Spencer asking information on the subject. Senator Reed's telegram declared the President's statement also was copyrighted by a newspaper syndicate and given wide circulation.

Never Disputed in Senate.

"On several occasions I challenged the attention of the senate in this speech," the telegram continued. "My speeches by scores of thousands were circulated through the country, numerous publicists and speakers have repeatedly referred to and commented upon this declaration of the President. Its authenticity was never disputed on the floor of the senate or elsewhere to my knowledge until Mr. Tumulty recently denounced it as false. The speech bears upon its face evidence of its authenticity, as it is couched in the well known phraseology of the President. In view of these facts a discerning public will not be inclined to accept Mr. Tumulty's denial. There is one way this dispute can be settled. Let the President produce the stenographic record of the peace conference showing just what was said. These official reports have been studiously suppressed and kept secret, although the senate foreign relations committee asked expressly for them. It was stated by Clemenceau's private secretary that the reason why the sessions were held in secret was because the President of the United States insisted upon it."

That the latter statement is absolutely correct, is shown by the testimony of Secretary Lansing given before the foreign relations committee of the senate, August 8, 1919, see part 6, printed hearings, page 145.

"No Misunderstand" Spencer.

Salisbury, Mo., Oct. 6. — Senator Selden T. Spencer, when informed of President Wilson's telegram to him today, prepared the following message for transmission to the President:

"There must be no misunderstanding about a matter of such great and national importance as to whether you stated to Premier Bratianu of Roumania that the American army and navy would be sent across the sea in case the world was again troubled. It has for months been publicly stated that such an agreement on your part is incorporated in the stenographic report of the eighth plenary session of the peace conference. I again beg of you to let me know whether you made such an agreement."

Sanctions Spencer's Statements.

Chicago, Oct. 6. — Republican headquarters tonight issued a statement signed by Senator Harry S. New of the senate committee on foreign relations, declaring that Senator Selden Spencer of Missouri has "the best authority" in quotations he attributes to President Wilson's position is very peculiar for the quotations attributed to him by Senator Spencer, have been attributed to him in many public speeches and statements. The statement said:

Senator New's statement also said that beside the official stenographic records of the peace conference, many semi-official reports of the conference attributed the statement to President Wilson.

DEPUTY SHERIFF SLAIN.

Charlottesville, Va., Oct. 6. — One deputy sheriff was killed, three others were wounded seriously and two miners were shot in a fight early tonight at Blair, Logan county, West Virginia, on Little Coal river, according to information received here by Fred Mooney, secretary of district No. 11, United Mine Workers of America.

PRIVATE CAPITAL HANDICAPS CANAL

Unwillingness to Compete With Government Has Retarded Development, Miller Declares

New York, Oct. 6. — Unwillingness on the part of private capital to compete with the government has retarded development of New York's barge canal, Nathan L. Miller, Republican candidate for governor, today told members of the Brooklyn Chamber of Commerce.

Speaking at a luncheon tendered him by the Business Men's organization, Mr. Miller blamed the federal authorities for the fact that there are no barges on the waterway.

"If the palmed hand of the government should be taken off there would be no doubt of the development of the barge canal," he declared.

Mr. Miller expressed opposition to the plan of joining with Canada in improving the St. Lawrence river to accommodate ocean-going vessels inland to the Great Lakes, which received the endorsement of the Democratic National convention.

WADSWORTH TALKS TO RAILROAD MEN

Defends Esch-Cummings Law as Greatest Achievement of Late Republican Congress

Hornell, Oct. 6. — For the first time since he began his state campaign, Senator James W. Wadsworth Jr. devoted his address here tonight to a defense of the Esch-Cummings railroad law.

Before an audience composed largely of railroad men, he declared the measure one of the greatest achievements of the Republican congress. He said the railroads practically were ruined when turned back to the owners after 22 months of government operation and that the transportation act was carefully built up to protect both the public and the owners.

"To my mind," he declared, "the most important and significant feature of this act is that which gives statutory recognition to the employees of the railroads in all matters affecting their interests as employees and indeed as partners in business. For the first time in the history of federal legislation in the United States, railroad employees are assured representation on all boards clothed with jurisdiction over the fixing of wages, hours of labor and working conditions generally. The government under this new statute stands to see to it that fair play shall prevail between employees and employers."

It was the fourth speech of the day for Senator Wadsworth, addresses having also been made in Andover, Alfred and Canastota before large crowds.

In a spirited address which came as a surprise in the afternoon session, Miss Loeb, president of the Child Welfare board in New York city said she was horrified at the condition of affairs revealed by the conference.

Discussion over addition of new by-laws culminating in a bill which caused a large number of the delegates to leave the room after protesting Miss Loeb said, men and women who have been identified with the movement for years in securing passage of child welfare legislation.

Mrs. William Finckelstein, president of the association, according to Miss Loeb, was confined to her room as the result of the tempestuous meeting.

MISS LOEB RAPS WELFARE BOARDS

Head of New York City Child Welfare Board Deplores Conditions Revealed at Conference

Syracuse, Oct. 6. — Declaring that she will not attend another meeting of the New York State Association of Child Welfare boards until a better spirit has been engendered among the members, Miss Sophia Loeb of New York told delegates at the closing session here today that she had a sorry spectacle of themselves.

SHERIFF SEEKING OIL STOCK AGENT

Investor of \$1,950 Claims Company's Holdings Were Misrepresented by Salesman

Utica, Oct. 6. — Harry Oliver Ritz of Syracuse, promoter of a number of oil companies, is sought by Sheriff Ten Brock of Onondaga county on a writ of arrest issued by Supreme Court Justice Leonard G. Crouch, on application of George H. Mildate of Remsen, who charged Ritz was selling him worthless stock.

The sheriff's office, which has been seeking Ritz since September 27, has been unable to locate him.

The charges grow out of the sale to Mildate by Ritz of 1,500 shares of the American Eagle Coal corporation for \$1,950 in Liberty bonds. Mildate claims the company's holdings were misrepresented to him. He further alleges that names of reputable businessmen of Syracuse were used without their knowledge or consent.

HARDWICK IS NOMINATED.

Atlanta, Ga., Oct. 6. — Incomplete and unofficial returns received tonight from the runoff primary in Georgia today for the Democratic gubernatorial nomination, received by the Atlanta Constitution indicated that Thomas W. Hardwick, former United States senator, was nominated over Clifford Water, former state attorney general, his opponent. Returns from 123 counties give Hardwick 196 county unit votes to 132 for Water. 194 votes are necessary to nominate.

APPROVES POSTAL EMPLOYEES' STAND

Governor Cox Approves Program as Presented by Heads of Their Various Organizations

Columbus, O., Oct. 6. — After spending today at the executive office attending to state matters and conferring with Democratic state political leaders, Governor Cox left tonight for Kentucky, where tomorrow he will commence his second extensive speaking campaign. His first speech tomorrow will be at Elizabethtown and he will conclude the day with a night address at Memphis, Tenn.

Governor Cox today endorsed a program for the betterment of employees of the postal service as presented by heads of their various organizations.

The program presented was for adequate postal facilities, just and equitable compensation, right to confer with post office officials to representatives of their own organization and a court of review to which appeal may be taken in cases of demotion or dismissal.

Mrs. George Maynard Minor, of Waterford Conn., recently elected president general of the Daughters of the American Revolution. She succeeded Mrs. George Thatcher Guernsey.

FIX H. C. L. BLAME.

Washington, Oct. 5. — Partial responsibility for continued high prices was laid today on the trade practice of manufacturers' guarantees against price decline, by those who protested against the custom at hearings before the federal trade commission. More than 200 spokesmen for business interests were present to advise with the commission in formulating a policy on the subject.

MAKES APPEAL TO KANSAS

Roosevelt Pictures Domination of Eastern Capitalists Under Republican Regime.
Salina, Kan., Oct. 5.—Franklin D. Roosevelt, Democratic vice presidential nominee, declared in an address here tonight that the election of Senator Harding would mean "financial domination of the Eastern tariff protective, money interests of the Republican party" over this and other western states.

Mr. Roosevelt charged that "eastern capitalists had exploited the resources of this state in the past and asked what possibilities there would have been of bringing about the use of cheap tractors and low priced motor cars" under the old tariff system.

NOT LEAGUE FOR PEACE

So Declares Socialist Vice Presidential Candidate of League of Nations.

New York, Oct. 6. — Socialists in America are "united in opposing the League of Nations supported by Wilson, Cox, Roosevelt, Harding and Coolidge," declared a statement issued here today by Seymour Steadman, Socialist candidate for vice president.

"It is not a league for peace," Mr. Steadman said. "It is, on the contrary, a military alliance to force payment of international debts and to preserve the system of international capitalism."

CLOTHING PRICES LOWER.

New York, Oct. 6.—Retail clothing prices are lower now than the cost of their manufacture and the reduction is due to the efforts of manufacturers to aid in bringing down price levels. Eli Strouse, president of the National Association of Clothiers, announced tonight in an official statement. Goods now on sale were made six months ago, when costs were higher. Mr. Strouse stated, and manufacturers feel that the turning point of high clothing prices has been reached.

BENTLEY DEFEATS ST. PAUL.

Baltimore, Md., Oct. 5.—Jack Bentley, star pitcher and first baseman of the Baltimore International league of champions, sent St. Paul, winners in the American association, down to defeat this afternoon in the first game of their post season series by the count of 5 to 3. While his twirling was a bit loose toward the close, his two home run drives were responsible for four of the five runs charged up to Baltimore's credit.

INDUSTRIALS RULE STOCK ACTIVITIES

Market's Undertone, However, Is Conflicting With Numerous Losses Among Leaders

New York, Oct. 6. — Industrial and related specialties once more dominated the trading on the stock exchange today, but the undertone was conflicting, with a preponderance of losses among important issues at the close.

Existing conditions in the steel industry reflect greater hesitation and uncertainty according to the Iron Age, which emphasized the falling off in buying orders. In the trade it is estimated that September unfilled tonnage of the United States Steel corporation will show a decline of at least 500,000 tons.

Steels of the better class and also affiliated equipments seemed inclined to advance at times, but were sympathetically affected by the reactionary trend of specialties, oils and unclassified stocks.

It was among rails, however, that movements were most bewildering. Texas and Pacific was the center of bear attacks, recording a net loss of 12 points on rumors of proposed drastic reorganization, while Reading rose to par for the first time in three years, closing a fraction under its best and gaining almost five points.

Call money duplicated its movements of the preceding session, rising to eight per cent in the afternoon. Bonds, domestic and foreign, including Liberty issues, eased slightly. Old U. S. bonds were unchanged on call.

SOCIALISTS PLAN CAMPAIGN.

New York, Oct. 5.—The state executive committee of the Socialist party met here tonight to perfect plans for conducting the state campaign. Hal W. Noonan of Albany, Socialist candidate for state secretary, declared the Socialists were waging the most aggressive campaign in their history throughout the state and that Socialist speakers are being favorably received everywhere. The party, he said, expects to elect an assemblyman in Jamestown, two in Buffalo, two in Schenectady and several in New York city.

Here's a good thing—Pants. Army aviation cloth, leather cloth, made to men's trousers. A concern bought this cloth from the government, made it into trousers and we were fortunate to get hold of several dozen of them. You'll want a pair when you see them. Chestnut street window, Spencer's 31

Your taste cannot deceive you. Take its verdict concerning the goodness of Junata Brand margarine and enjoy a fine wholesome food that is moderately priced.

Wanted—Experienced meat cutter to commence work Oct. 1. Phone 894-W.

MILFORD LECTURE COURSE

First Number Next Monday Evening.
Gorton Concert Co. the attraction.

Milford, Oct. 6. — The business men of Milford have made arrangements with the Royal Lyceum bureau of Syracuse for a lecture and musical course to be given in this village this winter. It has been several years since Milford has had a lecture course and the heavy co-operation of all the townspeople is needed to make the course a success. The town will be canvassed during the week for the sale of tickets which will be sold at \$1.50 each for adults and \$1.00 for children under twelve years, with an additional charge of fifty cents for reserved seats. It is hoped that everyone will avail themselves of the opportunity to secure these tickets at this reasonably low price.

There are four numbers on the course as follows: The Gorton Concert company, the first number will be given at the Methodist Episcopal church on Monday evening, October 12th. This company is composed of individual artists of the highest quality. Their program is replete with classic, modern classic and standard music and literature interpreted by a dramatic

soprano, concert pianist, violinist and reader who have won national reputation as concert artists. The personnel of the company: Florence Gorton Hartman, dramatic soprano; Goldie Andrews Snyder, pianist; Milford A. Warnock, reader, and Claude Borrell, violinist.

The second number is the National Male Quartette to appear here November 4th. The company consists of Albert V. Friend, baritone, reader; Richard VanWiggen, second tenor, pianist; Floyd A. Duren, first tenor, tenor soloist; H. A. E. Abel, bass, cellist. These four young men were in the service of their country where they were the entertaining leaders of various camps.

The third number is a lecture by A. C. Morse, consul general at Dresden in 1897 under President McKinley. Through all of his lectures run a kindly and genial Yankee humor, interspersed with his virile Americanism. The last number on the course will be given on December 17th by Editha Parsons, reader, who is considered one of the best wherever she has been heard.

Each number comes highly recommended and those who have the course in charge are sure no one will be disappointed with the entertainment.

To Build Ice House.
William C. Byard of this village has the contract to build an ice house at Goodyear lake for the Oneonta Ice company and has commenced work. It is to be the largest ice house in the county and work on it will be rushed that it may be used this winter. The foundation will be laid this week.

Otego, Oct. 6. — There was a large attendance at the missionary meeting of the Presbyterian church last night, and the service a help to all those who attended. Prof. Lilly gave an interesting talk on India; also several readings on special topics were given.

Farewell Prayer Meeting.
Last Friday evening, the Personal Workers league held a farewell prayer meeting at the home of A. R. Baker. Mr. Baker and family are moving from town this week. Mr. Baker has been a member of the league since it was first organized and will be missed by all of his fellow workers.

Junior League Picnic.
The Junior league of the Methodist Episcopal church held an indoor picnic in the basement of the church Saturday. All present had a most enjoyable time.

Friday Evening Prayer Meeting.
Friday evening at 8 o'clock, the Personal Workers league will hold a prayer meeting at the home of John Roberts. The following officers have been elected for the coming winter: President, J. H. Wilcox; vice president, Charles Hawkins; captain, J. C. Hyatt; secretary and treasurer, A. D. Annable; organist, Bernice Fish; chorister, Rev. C. C. Volz.

Those Who Visit.
Mr. and Mrs. J. Herford McGinnis of Beckley, W. Va., who are on a motor trip, spent Saturday at the home of Mr. and Mrs. Douglas Little of this place. During their trip they have visited Columbus, O., Buffalo, Conn. and Long Island City, and Mrs. Harvey Baker and daughter, Gladys, of Cooperstown, spent Sunday visiting relatives in town. — Mrs. L. H. Setford returned home Tuesday after a two months' visit with friends in the Catskills. — Arthur Hunt of Delhi spent last week with relatives in Otego and vicinity. — Darwin Niles of West Oneonta spent the week-end at the home of A. R. Baker.

TERRIBLE ECZEMA FOR 10 YEARS

No Trace Of The Disease Since Taking "Fruit-a-tives"

Dover, New Hampshire.
"In 1906, I began to be troubled with Eczema. My arms and legs were bandaged most of the time; and sometimes I could squeeze the pus out of my hands, they were so bad. About 8 months ago, I chanced to read an ad. of 'Fruit-a-tives' and 'Sootha-Salva', in which was told of a person cured of Weeping Eczema by these remedies.

After using two boxes of 'Fruit-a-tives' and one box of 'Sootha-Salva', I am entirely free of Eczema."

Dr. E. N. OLZENDAM, D.V.M.
50c. a box, 6 for \$2.50, trial size 25c. At dealers or from FRUIT-A-TIVES Limited, OGDENSBURG, N. Y.

EDITORIAL NOTES

Of all glad words of tongue or pen, the sweetest are these: Sugar fifteen cents per pound.

Much to be regretted are the succession of murders, arson and reprisals which during the past months have darkened the pages of Irish history. It is not to be believed that liberty can ever be secured that way, or that the Irish people can thereby be placated. If there is good judgment being shown on either side, it has yet to be proved.

Perhaps the most magnificent gift offered in connection with cessation of war hostilities is that of the Knights of Columbus, who have proffered the sum of five millions of dollars to the American Legion for the purpose of erecting a memorial building at Washington. Of the 49 millions collected by the Knights for war work, the above balance remains in the treasury, and the offer is evidence of two significant things: One of the generosity of the order and the other of the thrift and good judgment in administration by which so much was done with comparatively so little.

The denial from officials of the Near East relief of the charges that they had expended moneys intended for relief for entertainment purposes and that wine was served at dinners given by them, will be received with a sense of relief by contributors to the fund. The officials state that the charges are made by men under trial for stealing supplies, and that they were expected. On one side or the other there has evidently been misuse of funds or supplies, but it is gratifying to believe that it was really the work of mean thieves who seek, after detection, to get even.

A generous gift was that of Corrick, owner of the Chicago White Sox to the members of his team, each loyal member of which received a check for \$1,500 to make good the difference between winners' and losers' shares in the world series bonus. And it is not only generous, but it serves to confirm an ancient and somewhat discredited adage, that honesty is the best policy.

Since tomorrow is the first day of registration in cities—Saturday is the first day in country districts and villages of less than 5,000 population—it is not amiss to call attention to the date and to urge that all residents of this city get to the polling place in their district at the earliest possible date, and there register for the November election. No previous registration is necessary and on one of the four specified days; and it is advisable, in order that registration may be assured, to do so on the first convenient date. Many votes have been lost through delay, in belief that any other day might do just as well.

In the same connection the necessity of personal registration should be remembered by those who recently have moved to the city, coming from other places in the county, or from some other country, where perhaps personal registration has not been necessary. Such voters might not know or very easily might neglect this necessity for personal registration.

HOW TO USE LIBRARY.

Mrs. Blackall Addresses Students on This Important Topic.

Mrs. E. W. Blackall, librarian of the Oneonta Public Library, spoke at the assembly at the High school, yesterday morning on "The Use and Value of the Public Library." Her address, which was a very interesting and inspiring one, by her acknowledged authority, had the close attention of students.

Within a few days the address will be supplemented by a class of students of the High school to classes in the Public Library, where counts instruction will be given as how to use the library for profit and pleasure. The address of Mrs. Blackall was in pursuance of a definite plan which looks to a more general use of the city's free collection by the students in their study work.

Alley Open For Season.

The bowling alley at the Y. M. C. A. were open yesterday for the first time this season and were very busy during the late afternoon and evening. There were also numerous bowlers present during the evening. The new bowling alley reached Oneonta yesterday morning from Buffalo, and as they were all that was needed to have a complete season opened, the game was started that afternoon. The alley is a very greatly improved during the summer months, and are now in excellent condition. The opening tournament of the season probably will be under way within a month.

PRINCE ALCARTRA SEGIS, HOLSTEIN PRIZE BULL AWARDED OTSEGO COUNTY JUNIOR PROJECT WORKERS.

PRINCE ALCARTRA SEGIS

PRIZE WINNER AT STATE FAIR—COUNTY SIRE FOR COMING YEAR.

Farm Bureau Cooperates with County Holstein Association in Locating Animal for Season—Magnificent Animal Presented by President Sabla of Guaranty Trust Company—Opportunity Which Will Be Taken Advantage of.

As farmers of Otsego doubtless have noted, the magnificent Holstein-Friesian bull, Prince Alcarta Segis, was awarded for one year to this county as first premium for Junior Project work in the state. The bull is already in the county and at a conference of the Farm Bureau held recently at Cooperstown, it was voted to place the bull with the best breeders in different sections for use in connection with herds in the several communities.

During October the bull will be in the vicinity of Morris and at East Springfield and Cherry Valley in November. Later he will probably be in Oneonta, also in Unadilla, Worcester, Milford and possibly two other centers. The service fee will be only \$10, in order that the dairy interests of the county may have all the advantages possible. In other words, a "county sire" will be made of him and he will be handled in cooperation with the Holstein Breeders' association. Heifers owned by boys and girls enrolled in Junior Project work will be bred free of charge. The bull, under the provisions of

Trust company of New York, comes to Otsego county for one year only. Permanent ownership is to be by three out of five winnings.

The extended pedigree of Prince Alcarta Segis, of whom a fine picture is herewith given, shows that he is 2½ years of age and is descended from long lines of pure-bred ancestry of the best milk strains, including such families as the Alcarta, Dekol, Pontiac, Posch and May Echo families, all with wonderful records for milk and butter. The statement of D. Raymond, a leading Holstein breeder of Vaudreuil, Canada, by whom the bull was bred, is as follows:

"Prince Alcarta is a large growthy fellow, three-fourths white, O. K. in every respect, weighs over 1800 pounds the gift, which is made by President Charles H. Sabla of the Guaranty

and is one of the richest bred bulls offered in Canada for some time. He has a full sister that made 26.24 lbs. as junior 3 years old from 551 lbs. of milk. His dam is one of the greatest cows that we ever owned, she being by Sir May Darkness, he from the great cow, May Echo, she being the fountain head of the May Echo family and the former Champion Canadian in the long time division of the full age class. She is the fountain head of the only two combinations of two direct generations of 700 lb. cows and is also the fountain head of the only combination of four direct generations of 700 lb. cows. In regard to the disposition of this bull, we would say that as far as we know he is as gentle as ever a bull could be; you can catch him anywhere in his paddock without any trouble whatever."

PROBLEMS IN FORESTRY

State College Offers Lecture Coming Winter to Every Grange and High School—Themes to Be Considered.

Every grange and high school in Otsego county has been offered a lecture during the coming winter by the New York State College of Forestry at Syracuse, as part of the campaign of the college to help New York state appreciate its true needs in the forestry field. Business organizations in the larger communities of the county will also be given an opportunity to hear speakers on the same general subject.

The college has laid out an extensive campaign for the coming year, to carry the appreciation of its forest needs to the entire state, and this campaign includes an intensive campaign through this county.

Different phases of the forestry problem will be discussed before the different groups. Before the granges, the subject to be discussed will include the income producing possibilities of the farm woodlot, how to handle the farm forest, and both granges and commercial organizations will be given an opportunity to hear speakers on the beautification of a farm home and the value of shade trees to the community.

The public schools will be given an appreciation of the growing trees in the great forests. From a biological standpoint, and the life and work of a forester, while such organizations as the Boy Scouts will be told how the forester believes the forest should be used for recreation, hunting and fishing.

Last year, the college was forced, owing to the great demand for its speakers, to cancel over 100 lectures, which could not be given owing to the shortage of funds for traveling expenses, and to lack of faculty specialists to give the talks. This year, however, the lecture campaign will be concentrated in a few counties.

HOURS FOR ENROLLMENT.

County Authorities Hold Hours Must Be on Daylight Saving.

The question as to what kind of use the inspectors of election must keep on the days of registration having several times been raised, the matter was yesterday referred to the office of the commissioners of elections at Cooperstown. The reply was that, inasmuch as the state law provides for daylight saving time, and the election law provides the hours during which the polls must be open, the inspectors have no discretion in the matter. The places for registration must open and close on daylight saving time. This is a matter which voters should bear in mind—that the places for registration open at 7 a. m. and close at 10 p. m. on daylight saving time, which, if the clocks are not set back, would mean that the polls would be open from 6 a. m. to 9 p. m. If they are set back, as is customary, the polls would be open from 7 a. m. to 10 p. m. Therefore, voters must get to the registration place at 7 a. m. on your clock or watch. Otherwise it will be too late.

This provision will not affect the closing time of general election in November, since before that date the whole state will be back on standard time, as the city and most of the surrounding country is at present.

MRS. SIMPSON RE-ENGAGED.

Will Remain with Country Club the Coming Year—Dining Room Closed.

While the golf enthusiasts will continue to play around the links, the summer's activities at the club have ended. Mrs. Stanley S. Kilkenry, who has conducted the dining room for the summer has closed the club house and returned to her residence in the city. The service has given excellent satisfaction and it is probable that she will return to the club house another season, although no definite arrangements have been made. The Country club had the most successful summer in its history and more members have found pleasure there than ever before.

At a meeting of the board of governors held on Tuesday evening at the office of the secretary, Charles F. Sheiland, the green's committee was instructed to re-engage Harry Simpson, the capable professional in charge of the grounds and at an increased salary for the coming year. It is the sentiment of practically all the members that no better man for the position could be secured and it is understood that he has signified his willingness to return, the club having expressed itself and manifested its desire in a substantial way.

The club membership has reached the limit locally and a number of non-resident members were elected at the meeting Tuesday evening. During the coming summer the club will enforce the regulations relative to the presence at social affairs of the club of residents of the city who are not members of the club. Invitations will be limited to two for the summer and then only upon card invitations issued by the secretary of the club.

Makes an Assignment.

The G. B. Shearer Co., which for some time operated a music store in this city, has made an assignment for the benefit of creditors. Julian B. Jackson being named as assignee. The company has numerous creditors and the assets are not large. It is not probable that any effort will be made to enforce collection from individual stockholders. George B. Shearer, recently manager of the concern, has removed to Pittsburgh, Pa., where he has a position with a music house.

CANVASS OF FOREIGN-BORN.

Chamber of Commerce to Aid in Seeking Those Who Need Education.

A canvass of foreign-born residents of Oneonta in need of elementary education will be made the opening of the two night schools next Monday and Tuesday through steps taken last night by the Chamber of Commerce committee on co-operating with the school administration in creating greater interest in the night schools. Particular stress is being placed in the committee's plans on the Americanization work being done at the River Street school and also at classes at the High school.

Dr. Arthur H. Brownell, chairman of the Chamber of Commerce committee, and Prof. A. M. Curtis, I. J. Bookhout, J. G. Laskaris, and E. M. Rouan, together with Secretary Everett Hicks, formulated plans for the canvass and also decided to seek co-operation of other groups of citizens in the work. Prof. John T. Lawler, who conducts the night classes at the River street school, and Miss Georgianna Seymour, principal of the River Street school and teacher of Americanization classes at the High school two evenings a week, met with the committee and aided them in tackling the problems at hand.

Registration in the night classes at the High school will begin Monday evening, and Tuesday and Thursday evenings at River street. The other night for the High school classes will be Wednesday.

"Lightnin'" Coming.

Fun and the heart throb are blended in delightful proportions in "Lightnin'." The famous comedy success which John Golden will present at the Oneonta theatre Thursday, Oct. 14th. Winchell Smith has made use of the same elements in writing this "reel" smash that made his earlier successes, "Turn to the Right," "The Boomerang" and "The Fort in the Hundred," the great outburst of his of their day.

"Lightnin'" has broken the world's record for length of run on Broadway, having more than 1,000 consecutive performances to its credit. It is now in its third year at the Gaiety theatre and Milton Nobles, who has been appearing with the company there, will have the cast to be seen here. He will play "Lightnin'" Bill Jones, the character which gives the play its title. Others in the cast are Percy Winter, Reesa Bacon, Stuart Fox, Frank Thornton, Barney Gilmore, Emory P. Smith, Felix Haney, Harry Buchanan, John Seymour, Eleanor Sandman, Marie Reels, Joanne LeFevre, Walter Durant, Homer Hunt, George Rodwin, Joan Shaw, Max Sharkey, Alice Quigley, Helen Rahan and Pauline Moxon. For full particulars regarding the seats see "Lightnin'" on page two this issue of The Star.

LAYMAN-MEER WEDDING.

Miss Helena Alger & Bride of Glenn Layman; To Live in Albany.

Miss Helena Isabelle Alger, daughter of Mr. and Mrs. Alonzo Alger of 1-6 River street, and Glenn Perry Layman, son of Mr. and Mrs. William Layman of 271 Chestnut street, were married last evening at 6 o'clock at St. James' Episcopal church, with Rev. H. A. Burke officiating. The ceremony was held in the church and the ceremony was witnessed by about 20 friends and relatives of the young couple.

The bride wore a gown of blue tulle, with hat to match, while her bridesmaid, Miss Katherine Hobbie, wore a gown of blue tulle, with hat to match. The bride's bouquet was of pink and white roses, and made a charming appearance. Her brother, Irwin Alger, brother of the bride, was best man.

After the ceremony, the bridal party and guests proceeded to the home of the bride's parents, where a delicious wedding luncheon was served. The color scheme of the home decorations was pink and white. Later, the happy young couple left for a two-week honeymoon trip to points unknown, upon return from which they will make their home at 56 Robin street, Albany. The bride's traveling suit was of blue serge.

Both bride and groom have spent many years of their lives in Oneonta and have numerous friends here who will offer best wishes for a happy wedded life. The bride has been an employee for some time past of the Oneonta & Delaware Telephone company. She was the recipient of a large and varied assortment of gifts, including silver, cut glass, linen, money and an electric lamp.

Mr. Layman formerly was employed as a machinist in the D. & H. shops here, but now holds a more lucrative position in a similar capacity for the New York Central at Albany.

Among the guests present at the wedding were Mr. and Mrs. Delbert Layman and Mrs. Julia Whipple of Birmingham, and Mr. and Mrs. Elwood Frederick and Mrs. M. Healey of Albany.

Mothers' and Fathers' Meeting.

At the Mothers' and Fathers' meeting held last evening in the prayer room of the First Baptist church, there was a good attendance. The program of the evening was opened by a solo by the Rev. P. M. Luther, pastor of the Lutheran church of this city. Following this was an address given by Prof. Wilbur Lynch of this city, who used as his subject, "The Father's and Child's Point of View." The three most interesting points of his address were, "the influence of the environment is greater than in heredity," "the children were of different minds," and that "the father should look at things from the child's point of view." He also made the statement that "The father of the home should give more attention to the bringing up of the children than they do at the present time."

Surprise Party for Miss Myers.

The Loyal Helpers class of the Main Street Baptist church gave a surprise party for Miss Mary Myers Tuesday afternoon at her home on Fair street. A large number of the class were present and enjoyed a pleasant social time, after which a bountiful supper was served.

Miss Myers, who is soon to depart for Buffalo to remain during the winter, was presented a handsome hand bag in appreciation of her work and friendship for the class.

MATURE VEGETABLES BEST

But Home Gardener Is Outgrown Against Those Which Are Too Old—Handle "Like Eggs."

The home gardener who did his duty this summer now has a supply of vegetables for storing. To insure successful storage, certain principles should be kept in mind, gardens at the state college at Ithaca point out.

Vegetables should be mature, but not too old. They should be handled "like eggs" since even slight bruising may start decay. Squash, pumpkins and similar crops should be harvested before frost, and even the hard root crops should not be exposed to real freezing weather before they are stored. The only exception are parsnips and salsify, which are often left in the ground all winter.

All vegetables keep best with a fairly constant storage temperature. Root crops, celery and potatoes need rather moist air and low temperature, others will endure any temperature above freezing and not too dry. Squashes and pumpkins should be thoroughly dried out at a high temperature and then stored in a cool place not too cool, preferably above 45 degrees.

A cool cellar is a very satisfactory storage place for potatoes and root crops. The only exception to storing orders and turnips there is that they may become noticeable in the rooms above. Cabbage also is not a good place for storing, but it is consistent with safety from freezing and plenty of ventilation should be given.

If the cellar contains a furnace and is therefore too hot, a storage room may be partitioned out with rough lumber and building paper. The temperature should be kept as low as is consistent with safety from freezing and plenty of ventilation should be given.

Resinol

does wonders for poor complexions

Underneath most unattractive skins is a clear, pleasing complexion—and that is needed is the proper treatment. It is surprising how often a brief use of Resinol Ointment and Resinol Soap will clear away blotches, redness and roughness and give the skin its natural freshness and charm.
